Attachments: Hurricane Florence Embargoed ZIPs and Points effective 9-25-18 (2 zips for KIN & 22 zips for WIL).xlsx

Hurricane Florence Embargo Update for Kinston and Wilmington, September 25, 2018

Effective immediately:

- **Kinston:** We are lifting the shipment embargo for the majority of the Kinston service area. There are two zip codes near Morehead City/Atlantic Beach that we will continue to embargo due to significant damage from Hurricane Florence and Lowe's and customer closures.
- **Wilmington:** We are lifting the shipment embargo for approximately half of the service area. We will continue to embargo 22 zip codes due to flooding, significant road and customer closures. We hope to lift the embargo for specific zip codes as conditions improve daily.
 - Please see the attachment for specific zip codes and points. The map below still shows the embargoed zip codes outlined in red, as of today.
- We do not take the decision to embargo lightly and will give thoughtful consideration to each zip code when lifting the embargo as well.

Thank you for your patience and support during the recovery process!
