We've got your back. With more than 55 years in wire and cable, we've got the breadth of inventory and depth of team to help you hit your target and move on to the next one. **We're battle-tested, mission-ready, and sensitive to the pricing, timing and trust required of redistribution partners.**

Everyone needs a wingman, rely on us to be yours.

MISSION: Our mission is to ensure that both our distribution partners and their customers get rapid support and rapid delivery of wire, cable and wire management products.

TARGET: Small, strategic orders to large, blanket orders — our team stands ready to deliver.

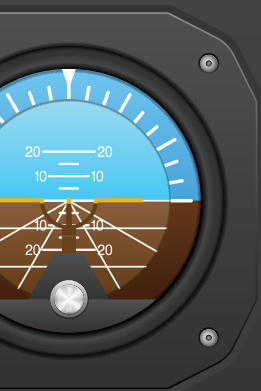

GOAL: Quote what your customer needs and get it out the door as quickly as possible.

TEAM: Our distribution squad has more than 31 years of experience in redistribution rapid response and creative problem solving.

RESOURCES: We have enough on-hand inventory to circle the Earth four times — all strategically located throughout North and Central America ready to ship. Our strategic locations allow for a short lead time and competitive delivery. (Often same day if the order is received by 1 p.m. CST.) Customized services include: striping, twisting, dyeing and ink-jet printing. Our master reels and drums of wire and cable can be cut to the quantity needed, without a cut charge.

TIMEFRAME: We're ready to scramble at a moment's notice. Our team maintains a one-hour response time standard, and oftentimes respond within minutes.

The IEWC redistribution business unit is a trusted provider of support services to distribution partners large and small. Let our squad fly air cover for you so you can complete your mission and move on to the next!

IEWC is a premier global provider of total connectivity solutions for sub-assemblers, OEMs, as well as the broadcast and communications industries.
