China - Weight Limitation on Mask Shipment Export

In view of enhanced requirements placed on the export of masks, UPS is temporarily only accepting mask shipments that are above 200kg. We would like to assure you that UPS is doing everything that we can to support the needs of our customers globally, and to ensure that we can move as many masks, as quickly as possible. Having said that, exporting of mask shipments above 200kg is still subject to approval based on potential adder and space availability. Customers who wish to ship masks from China are advised to contact local Customer
