Subject: Service Alert - weather delay

Winter Weather Delays

The National Weather Service is predicting a Winter Storm to impact the entire state of Wisconsin and Northern Illinois on Thursday, February 4th. We are expecting ice, followed by heavy, blowing snow to impact our level of service Thursday, as well as the following 2-3 days as we work to catch up.

Sutton Transport will do everything we can to service our customers, while remaining committed to the safety of our employees.

If you have any questions or concerns, please reach out to your Account Manager or call 1(800)472-6886.

You may also track the status of your freight at the button below.
