

Student Login Directions:

Students can log into CLEVER using: <https://clever.com/in/clark>

Once at this site students can select K-5 Backup Login and use their school credentials to sign in. This is typically their school id for username and password. Once in Clever they can choose the Smarty Ants icon.

If the icon appears twice make sure they are selecting the one that is under single sign on apps or favorites.

If students need help signing into CLEVER you can contact <https://support.ccsd.net>
