

ELEVATE YOUR OFFERING

POWER  PLATE[®]

PREMIUM PROPOSITION

Luxury lifestyle amenities are critical for private golf and country club communities, and Power Plate offers a solution that keeps members engaged for longer by providing best in class vibration training and therapy products for the whole family to enjoy.

Investing in exclusive new training equipment will not only provide a premium and professional golfing experience, it also enables members to move better, hit further and play longer, resulting in increased revenue over time.

EXCLUSIVE EXPERIENCE

Power Plate helps your golfing community elevate their game and achieve accelerated health and performance results, as well as offering a social alternative to family members wishing to stay in shape and improve their health.

Offering a flexible and scalable solution, Power Plate can be used in multiple ways to provide a premium experience to members. Situated within a locker room, fitness suite, spa destination physical therapy room, or other club house location, the opportunities to implement luxury training and therapy are endless.

REVENUE REWARDS

Differentiate, add value and generate revenue from customer loyalty by showing innovation and investment as a luxury amenity. Enhancing performance from the very first swing can also lead members to spend more time at your facility and drive additional revenue.

Power Plate products and protocols are used around the world by professional sports teams and fitness clubs as well as consumers seeking premium vibration training and therapy at home. This presents an opportunity for golf and country clubs to distinguish their offering with pro stores boosting revenue through incremental sales of Power Plate products to promote community wellness and active lifestyles.

HOLISTIC HEALTH

Utilizing Power Plate will improve player health and fitness way beyond the confines of the course by helping them adopt a holistic approach to wellness.

Providing an exclusive space for members to prepare for the game ahead as well as recover, relax and rejuvenate after a long round, is crucial.

Power Plate can also enhance the general health and wellbeing of players and their families by increasing circulation, strength and flexibility, for a mobile, independent lifestyle.

PLAYER PERFORMANCE

When muscles are stiff and joints are restricted it's natural to dread the first swings of the day. In just five minutes, golf specific movements on Power Plate effectively warm up muscles and joints to prepare players for the first swing off the tee.

And for members ready to take their game to the next level, adding Power Plate to any golf conditioning routine provides an effective and efficient option to improve strength and the ability to generate more power while decreasing the chance of injury.

Power Plate specifically aids competitors by unlocking the potential for:

- Accelerated preparation and recovery
- Improved driving strength and swing mechanics
- Decreased pain and risk of injury
- A more consistent game

PGA AND PLAY

Power Plate's advanced vibration helps the world's finest golfers perform to their best ability. Here's feedback from PGA players using Power Plate.

"The Power Plate is the single best piece of exercise equipment I have ever used. My body has never moved this well and I have made a huge improvement in my golf swing, I have never felt better."

"All it takes is a quick 90-seconds or so on the Power Plate prior to beginning a round of hitting the range and my body is completely warmed up and ready to go."

"I started using Power Plate to improve flexibility, increase strength and rehab a wrist injury. After six weeks, my flexibility has improved dramatically, my strength is through the roof, I have gained a full club in distance and my wrist is ready for a return to the PGA Tour."

POWER PLATE

Power Plate's whole body solutions are the innovative, time-saving and results-driven way to improve fitness and wellbeing for all age groups and abilities.

By stimulating natural reflexes, increasing muscle activation, and improving circulation, Power Plate delivers accelerated health and wellness results, whatever the goal.

Power Plate's premium, targeted vibration products are perfect to use before and after physical activity delivering relief to the areas that need it most and are the perfect mobile solution for treating tightness and soreness during the game while out on the course.

Download the Power Plate App today for more ways to get the most out of your Power Plate.
