#### **To Believe or Not to Believe**

So many times, we say, “Sure, I believe!” A lot of people say that and what they really mean is that they believe ‘in their head’ the BIG things, Jesus came to earth as a man, God is Jesus father, and yes, Jesus died on the cross for me. All of these are great but there is so much more! First, Believe and Second, Do something about it. Open your mouth while moving in the direction of what you believe and change your life!

“Once you really start believing and then start saying what you believe from the Word you will start seeing what you say...so watch out!!!!

Workshop:

## The Importance of Motherhood to God

The world's views are the polar opposite to how God sees things. We have heard loudly and clearly what the world thinks about motherhood but come and find out what God says. I share through the Word and God's revelation to me, a homeschooling mother of six children, how much of a high calling motherhood really is. I will also give you an important key that I have implemented that allows me to raise my six children with an ease.

## In pursuit of Beauty

God our Father is in passionate pursuit of us because we are the beauty of His creation. Our beauty is found in Him and the indwelling power of the Holy Spirit. Once we know we are the Beauty of His creation, we have the power to eradicate falsehoods that come against us about where beauty is found (*through our sexualization, body image, cosmetics, and fashion*). We are Beauty and our validation is found in Him and the wonderful inheritance He has for us as beautiful daughters of God.
