

URBAN SPORTS CLUB

Berlin, 28.03.2024 – As we informed to you earlier today, we at Urban Sports Club have suffered a data breach. We cannot rule out the possibility that personal information such as names, email, addresses, and member check-ins may have been accessed. The breach has been closed since March 27, 2024.

We take this matter very seriously and are working hard to understand how this happened. That is why we have now hired two companies that specialize in IT forensics and IT security.

A first result: none of our members' PayPal, debit or credit card information was affected.

For any press inquiries, please feel free to reach out to: press@urbansportsclub.com

With best regards

URBAN SPORTS CLUB

We informed our members today that a data protection incident occurred with us at Urban Sports Club. We cannot rule out that personal data such as names, billing information, email addresses, and member check-ins may have been accessed. The breach has been closed since March 27, 2024.

We take this matter very seriously and are working diligently to uncover the details. Therefore, we have deliberately engaged two companies specialized in IT forensics and IT security.

An initial result: No Paypal, debit card, or credit card information of our members has been affected.

As soon as we have further insights, we will share them. For further press inquiries, please contact us at the following email address: press@urbansportsclub.com

With warm regards.
