AccelerateWithPurpose.com

As part of our campaign this year to Accelerate with Purpose we invite you share your purpose on social media.

We've created this template so you can easily add your own photo and quote and then share this graphic on your personal social media.

Pro Tip: Make sure you change the photo before sharing out. We recommend using a headshot or photo of yourself to make this personalized

How to use the template

Upload your own photo by right clicking on the image, select “change picture” and select your photo “from a file” on your computer

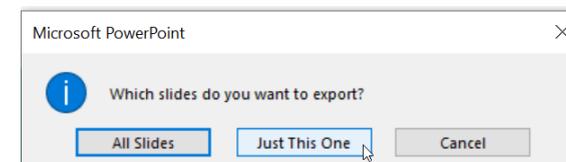

Edit the placeholder text and add in your own quote. Keep the font color white but if you need more space, you may decrease the font size.

Note: Please do not move or adjust placement of the Toshiba logo, Accelerate with Purpose logo, or URL

Four color options provided in the template

How to export:
Go to file > export > change file type
Select jpg and “Save As”
Export just the slide you have selected
