

# TASKMASTER® XL

## Pallet Shredder

The powerful TASKMASTER® XL industrial pallet shredder effectively shreds entire natural wood pallets to reduce their bulk volume. This machine can quickly pay for itself by reducing the number of weekly waste containers needed as well as eliminating unsightly and unhygienic pallets from your property.

The XL is simple in design and easy to operate. It features a low speed, high torque shredding action. It is an economical solution for reducing unwanted pallets. The XL cutters shred full pallets, nails and more. Its heavy construction, oversize shaft and high strength bearings are all of the highest quality.

**Ruggedly Constructed | Pays for Itself | Easy to Operate & Maintain**  
**No Drive Belts | Convenient Hopper | Automatic Control**

*Typical output shown.  
A finer or coarser output can be provided as required.*

The TASKMASTER XL is ruggedly constructed of carbon steel and has a heavy epoxy coating. The unit is supplied complete with stand, hopper and controls. Its streamlined design features a direct coupled gear drive which is smooth running and simple to operate. With the XL, there are no drive belts to re-tension. The XL features a special hopper which directs the pallet into the cutting chamber.

*PLC-based Automatic Reversing Controller in a NEMA 4 steel enclosure*

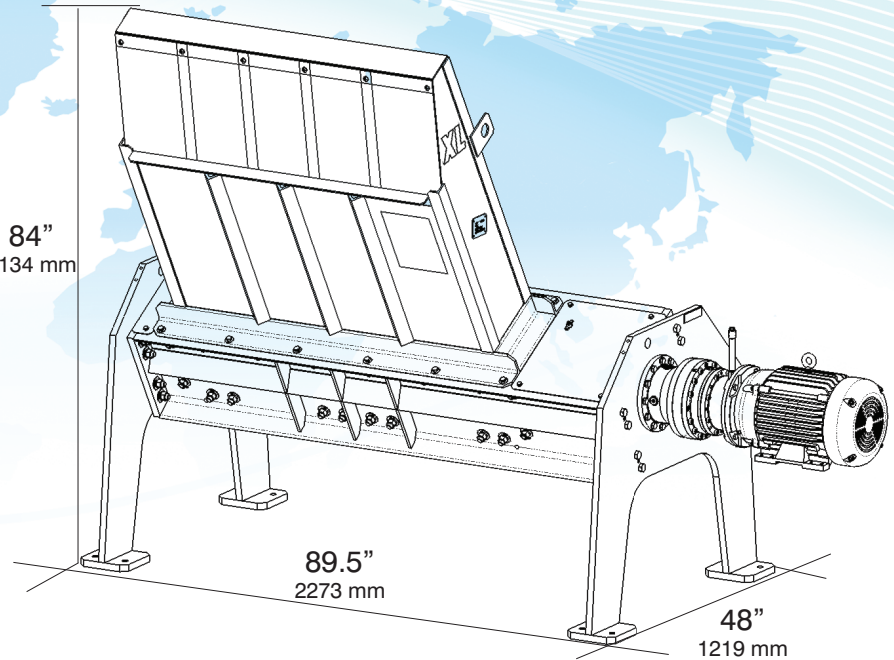

## Advantages

- Easy to Use and Train Operators
- Reduces Storage and Disposal Costs
- Automatic Control System
- Few Moving Parts
- Convenient Loading

## Features

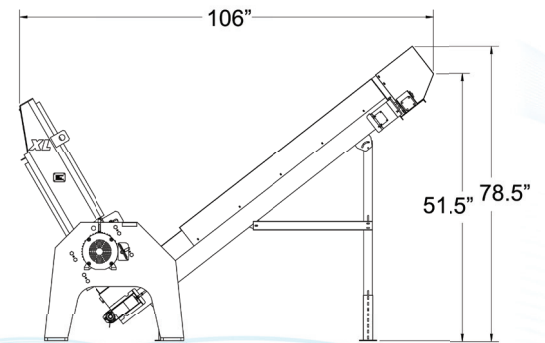

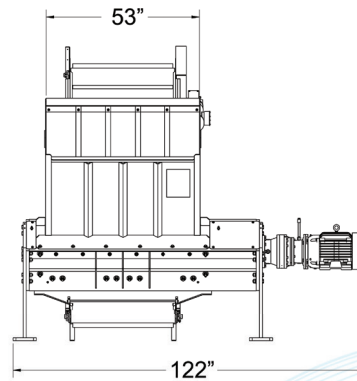

- Heavy Steel Plate Construction
- Low Maintenance Planetary Gear Drive and C-Face Motor
- High Torque, Low Rotational Speed Operation
- Easy Cutter Replacement without Unit Disassembly
- Hardened Alloy Cutters
- Integral Stand with Lugs for Mounting to Floor
- High Quality Components
- Electrical Service: 230 / 460 / 3 ph. / 60 hz.
- Floor Space: 124" x 52" (3150 mm x 1321 mm)
- Weight: 2800 lbs. (1272 kg)

## Dimensions

## Options

### Discharge Conveyor

Above: **Discharge Conveyor** (rear mount option) for XL output:  
optional Magnetic Separator and Dumping Hopper

### Forklift Hopper

*Low profile,  
self-dumping  
forklift hopper*

### Available Options

- Discharge Conveyor: Rear Mount
- Discharge Conveyor: Side Mount
- Conveyor with Magnetic Separator (Side or Rear)
- Dumping Hopper: .5Ft<sup>3</sup> (for Bottom Discharge)
- Dumping Hopper: 3Ft<sup>3</sup> (for Conveyor)
- Air Filter: (for Dusty Material)
- Special Voltage or Left Side Drive Location
