ACTIVITY KIT

BUILD A MUSEUM

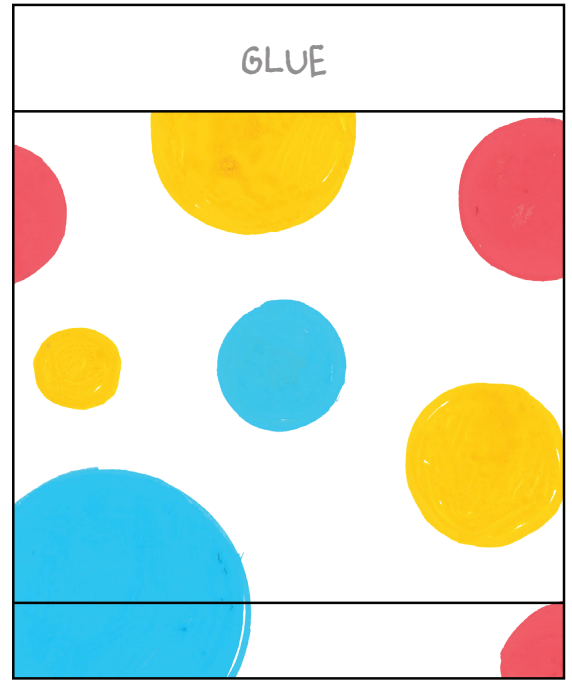

Cut out each part of the museum and fold along the solid lines. Decorate the inside however you like with the art from page 2. Paste the flaps to the walls to put together your museum!

FRONT WALL

Cut along the dotted lines and fold the solid line to open the front door! Attach this piece to the rest of the walls.

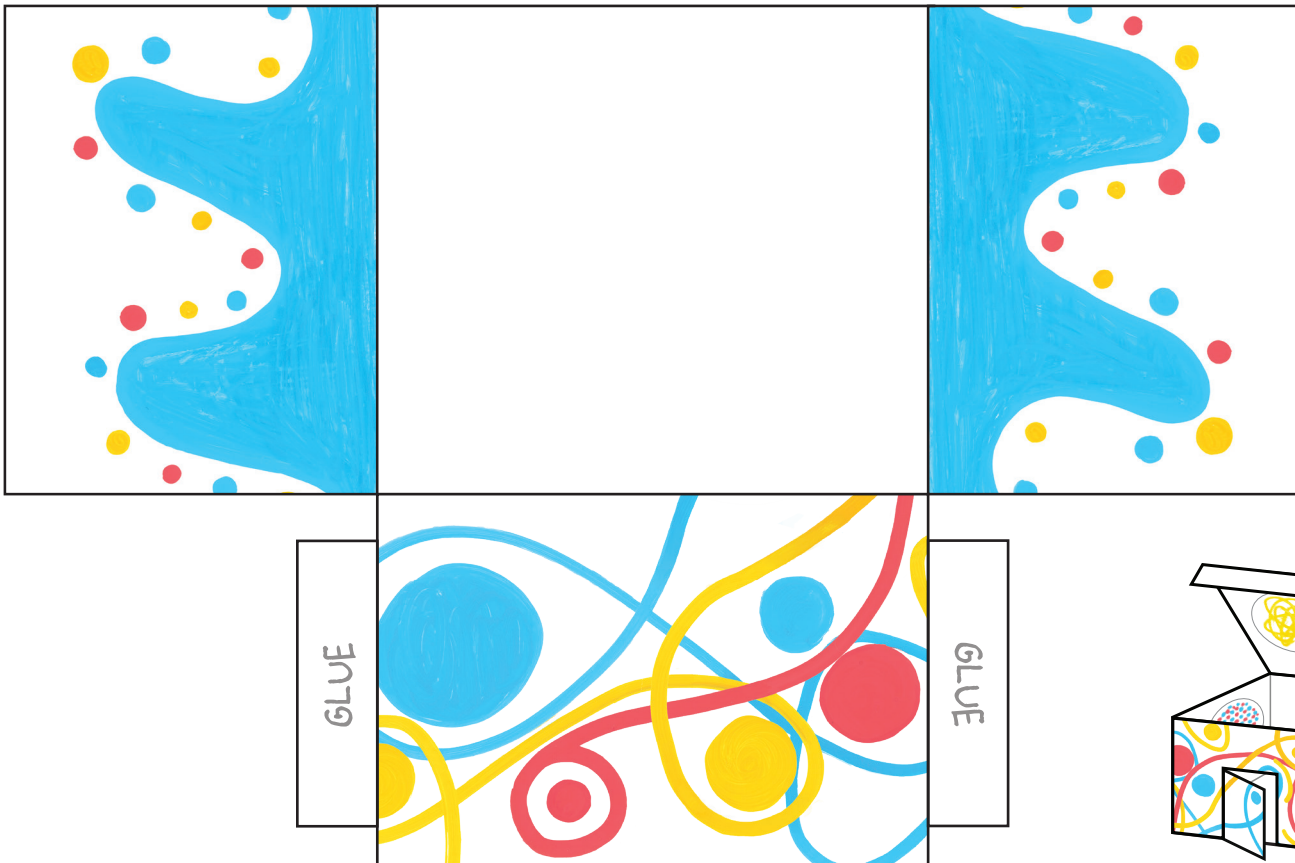

ROOF

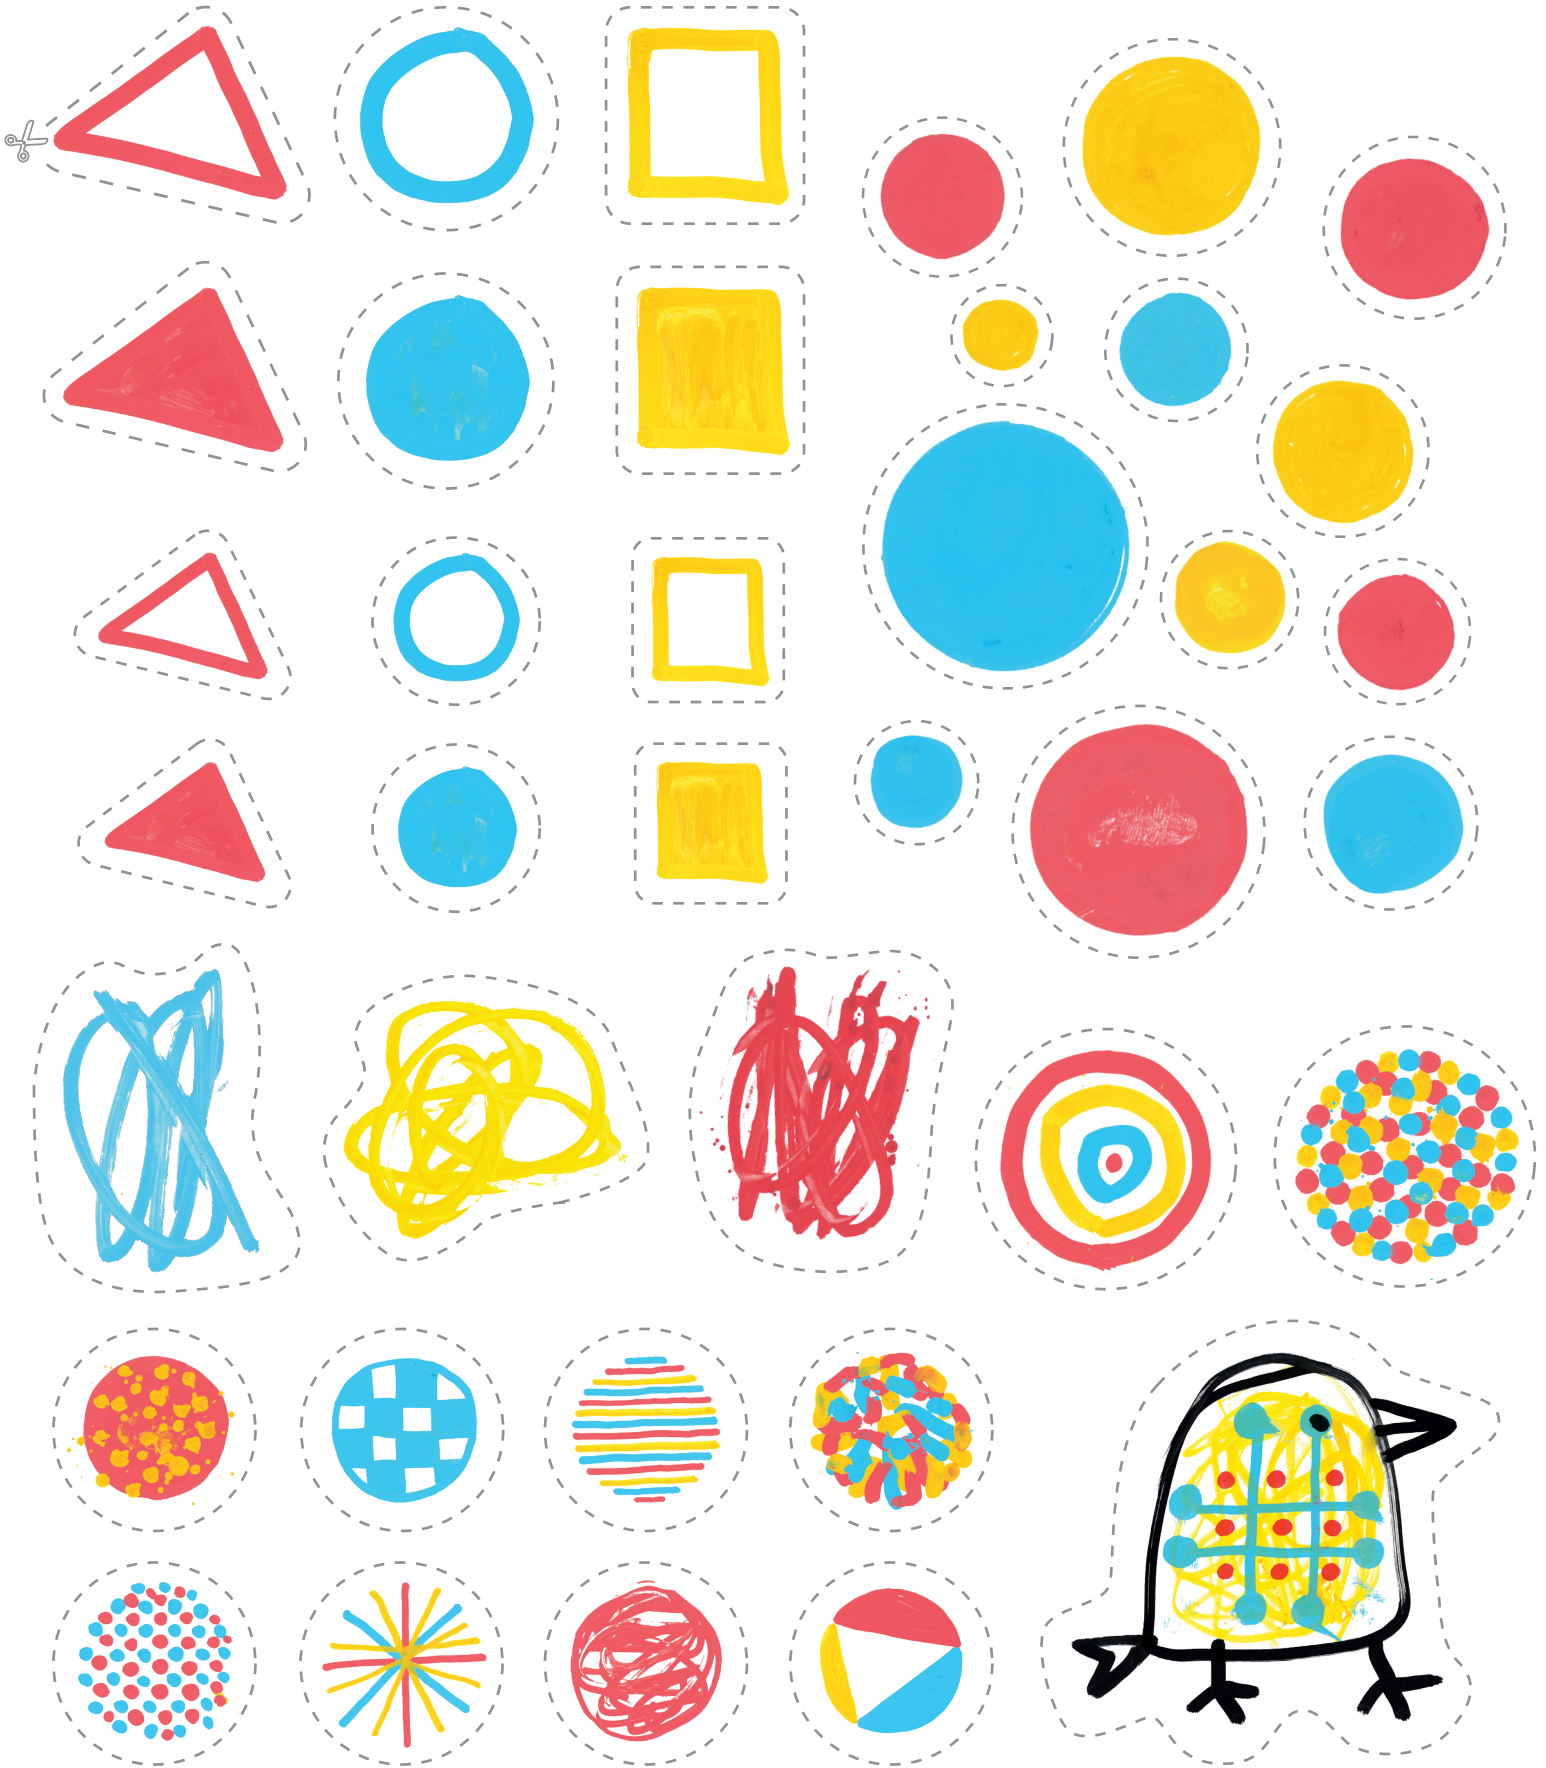

Make sure not to glue this flap; this will allow you to open and close the roof to see what you created inside!

BACK & SIDE WALLS

Cut out any of these shapes to decorate the inside of your museum!

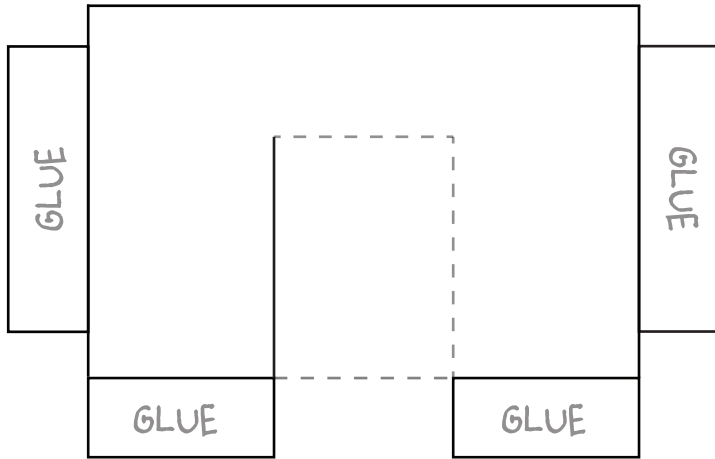

BUILD YOUR OWN MUSEUM

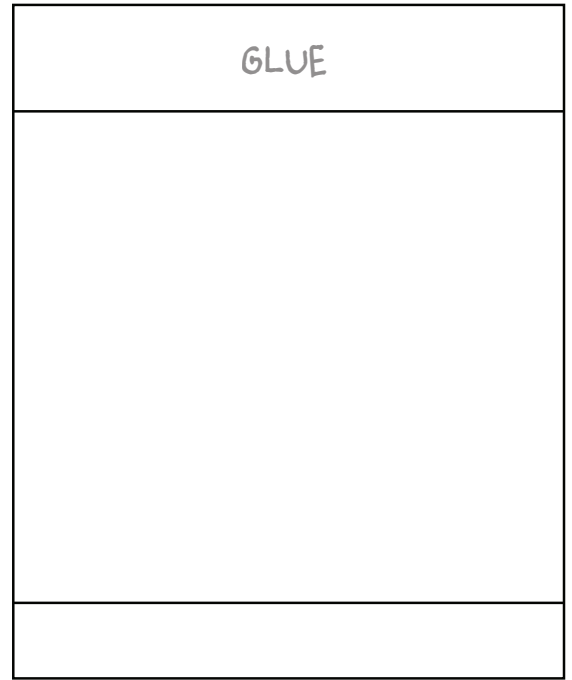

Now try reaching into some paints to decorate your own museum! Make sure to also paint on the other side of this page to see how the inside turns out when you build it altogether.

FRONT WALL

Cut along the dotted lines and fold the solid line to open the front door! Attach this piece to the rest of the walls.

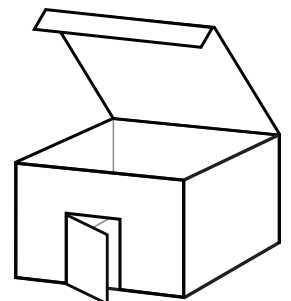

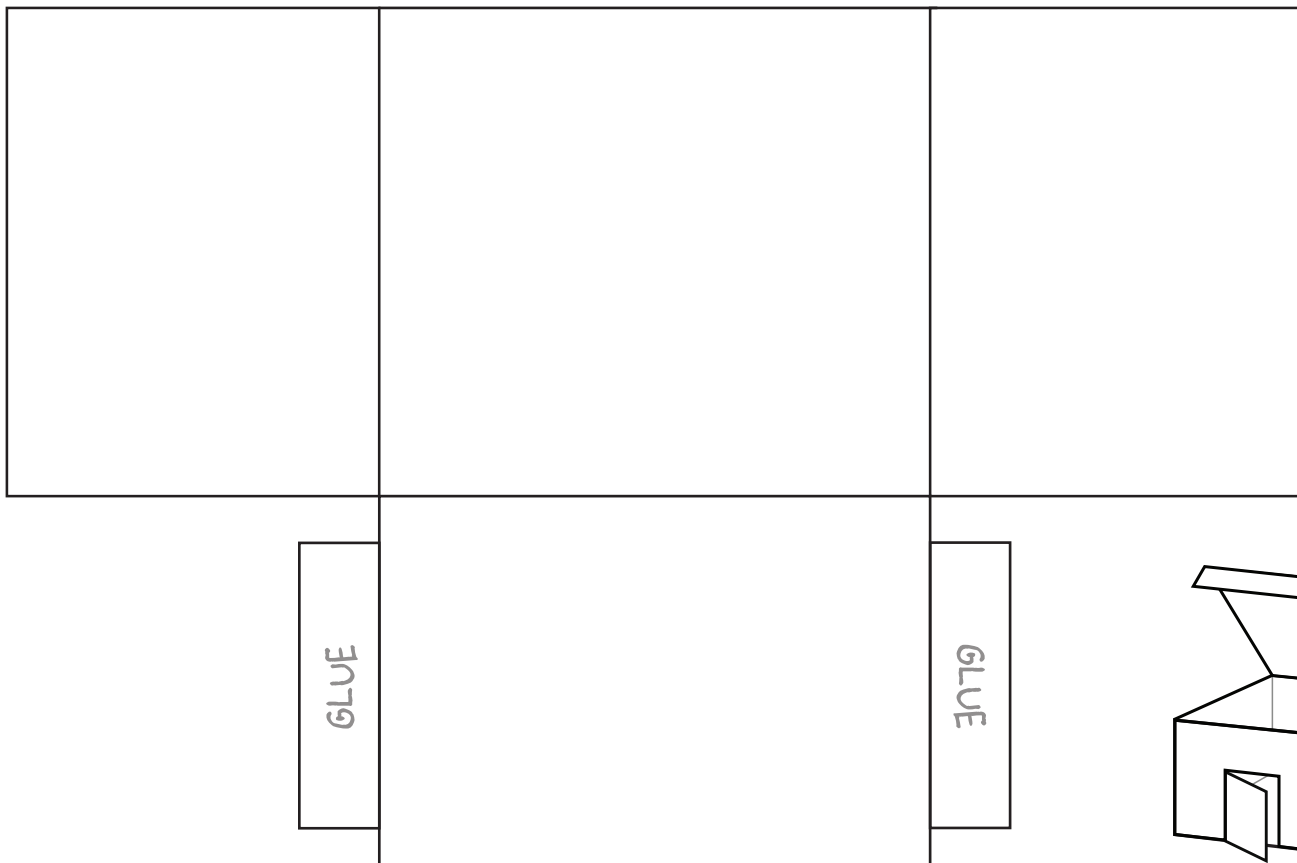

ROOF

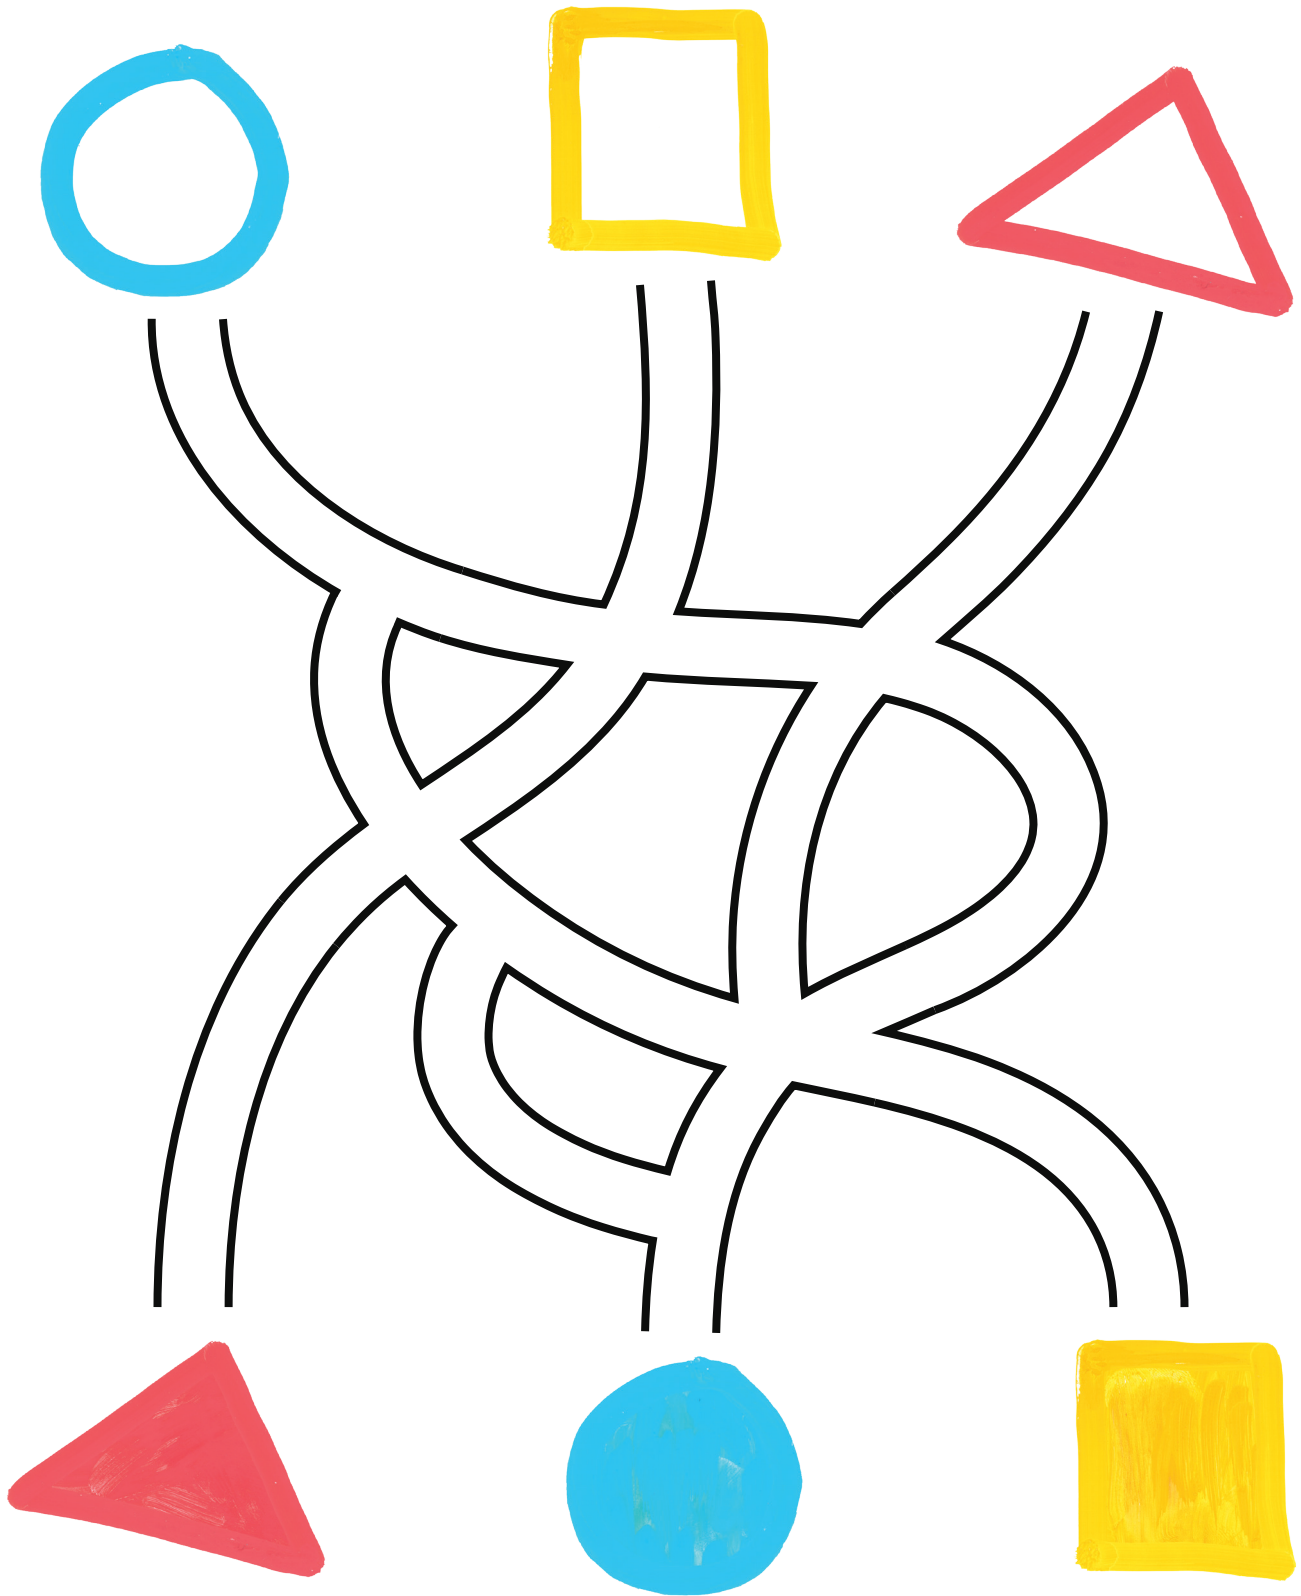

Make sure not to glue this flap; this will allow you to open and close the roof to see what you created inside!

MATCH THE SHAPES

Pick the shape's color and draw a line through the maze to its match.
When you reach it, the hollow shape fills in!

FOLD YOUR OWN FORTUNE

Cut and fold to create your own fortune teller! See page 6 for folding instructions.
