

NETWORKING GUIDE

EasyVirtualFair

NETWORKING

The Networking function allows visitors to connect and expand their network virtually throughout the fair.

It is aimed at events where visitors are sector professionals, and one of the required fields is the company name.

As a visitor, during the registration you will find the option 'I wish to appear In the Networking list' and if they click on it, they will have access to the other visitor's contact information who have also selected this option.

Easy Virtual Fair

Once you have selected this option and filled in the company name, you can go to the left hand side menu and click on 'Networking' tab. Here, you will be able to find other participating users and start creating connections.

Clicking on any of the users, you will be able to see all their personal Information and If they are online, you can start a chat with them.

 online

You can tag them as favorites to view them later and export the favorites' list as an excel file to save all the Information before the fair is over.

Finally, you can also block users If you don't want them to be able to access your Information.
