

CTS availability list for December 2023

To make it easier for you to secure your preferred CTS, we have now included a price guideline for the most in-demand CTS options to help you decide and submit your named price. This guideline is driven by an AI algorithm that takes into account factors like supply, demand, and competition for each CTS to suggest prices with the highest likelihood of securing the CTS spot.

On average 72% of assigned CTS went to named prices that were above the price guideline!

Minimum Price:	Is the minimum value required for named prices to qualify and be considered for CTS assignment/purchase.
Price Guideline:	Is the AI predicted value to improve your chances of securing your desired CTS.

Please note

- The price guideline is meant to help you determine your named price and does not guarantee a CTS purchase. You are free to name a price that is **higher or lower than the price guideline**. CTS will be assigned to the closest match we receive to the [determined value of a CTS](#).
- Please note your named price **has to be higher than the minimum required price** to qualify and be considered for purchasing a CTS.
- If your desired community spot is not on this list, it may still be available for purchase. Please double-check the submission form to confirm availability.
- All named prices and CTS purchases are for a period of **3 months** (i.e January to March 2024).
- The **most in-demand** CTS options are **highlighted in yellow**.

If you prefer availability information in an Excel sheet, [please see here](#).

QUICK JUMP INDEX
Dubai
Abu Dhabi
Sharjah
Others (Ajman, Al Ain, Fujairah, Ras Al Khaimah, Umm Al Quwain)

DUBAI

The most **in-demand CTS** options are **highlighted in yellow**.
