

UnderSky

Wild About Play

UnderSky has issued the following press release, after receiving a grant from the SafeDeposits Scotland Community Fund in its March 2024 funding round: Full of imaginative games inspired by Scottish wildlife, Ayrshire's children will be swimming like salmon, balancing like squirrels and dancing like frogs all summer long! Thanks to funding from the SafeDeposits Scotland Community Fund, these vibrant family events will take place at six different locations across South Ayrshire.

UnderSky's outdoor play days are perfect for children aged 4-9 years and their families. Packed full of active games and challenges, UnderSky events encourage communities to enjoy their local green spaces and learn about Scotland's valuable wildlife. Adults are encouraged to join in the fun too as everyone learns while they play.

Kathryn and Katie are the dynamic duo behind UnderSky, creating unique outdoor experiences inspired by nature and the environment. Following careers in the design industry (Kathryn) and as a Countryside Ranger for the National Trust for Scotland (Katie), in 2020 they combined their talents and launched UnderSky Ltd. This enthusiastic team deliver unique story-led community events and create engaging products for children to explore nature on their doorstep.

"For us, it's all about playing outside and having fun with friends and family while also learning about our natural neighbours. We're super grateful to SafeDeposits Scotland for funding this fabulous opportunity for families this summer. With the cost of living crisis still affecting us all, we're delighted to be funded to provide our events for free to communities."

"We love to see families using their local parks and woods, enjoying the great outdoors together! It's so important to help families be active and be outside - with so many benefits to their physical and mental wellbeing. Our play days are a great way to bring communities together, playing outside and having fun!"

So let the play begin! UnderSky can't wait to share their love of the outdoors with you and your family! Spaces are limited so book fast to avoid disappointment! Booking is open at www.undersky.co.uk/bookings and keep up to date @underskyplay
