APPLY NOW FOR THE

EPIC Leadership PROGRAM

EXPERIENTIAL • PARTICIPATORY • IMAGE DRIVEN • CONNECTIVE

The Kentucky Petroleum Marketers Association offers a yearlong program exclusively for KPMA members: the EPIC Leadership Development Program. The EPIC Program is created to develop future KPMA leaders, increase member engagement in the KPMA, and enhance the overall member experience.

EPIC stands for the way people learn today, with learning activities that are designed to be: Experiential, Participatory, Image driven and Connective.

The EPIC Program is open to all KPMA members and is designed for individuals who are newer to the industry as well as seasoned veterans who want to become better leaders. The format of the program is based on a cohort model of shared experiences – offering industry insights and tailored learning activities. Among the many activities offered, EPICs will participate

in leadership training to better understand the KPMA (its roots and importance to our industry in Kentucky), learn best practices for emerging leaders, and take a deep dive in topics that are critical to sustaining Kentucky's petroleum industry for the future.

Participants will graduate from the EPIC Program with a greater knowledge of the KPMA and our industry, become better equipped for future leadership roles, and gain a personal network of fellow EPICs to grow and enhance their industry connections.

How It Works

Members who want to join the EPIC class of participants are asked to complete an application (which includes endorsement by their upper management) and pay a \$300 registration fee.
