

Nationwide Virtual Primary Care Visits In English & Spanish

FROM YOUR HOME

- 1 Schedule a Virtual Primary Care visit with the Right Provider
- 2 Get the Right Care
- 3 Get the Right Prescription & Testing

WE WILL

- 4 Follow Up to ensure you're on the Right track

RIGHT CARE **AT THE** **RIGHT PRICE**

Your Medical Records at our Finger Tips

Having the important information allows us to do much more for you. Easily & securely uploading your info to the Redirect platform is the first step. We'll do this for you over the phone.

Know Your Costs

It's important you always know the cost of your care recommendations BEFORE starting. Surprise non-emergency medical bills are not cool.

Follow-Up Matters

Sometimes you won't respond to a treatment plan. Sometimes the plan will need to be modified and/or changed all together. Count on your Redirect Health team to do what we say we will do. Count on us to finish what we start. You'll get the follow-up you need.

Please & Thank You

Let's keep this promise simple. Expect us to return your calls & texts promptly, and to always be nice.

Let's work together to get you the care & convenience you need.

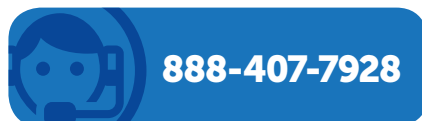

Rates

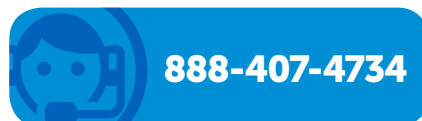

| | |
|------------------------|---------------------------|
| Redirect Health Member | FREE |
| Self-Pay | \$49 |
| Medicare | Normal Copay & Deductible |
