

# VIEWBOOK 2024-25

**FLEMING**

### From the ashes

The Fleming Phoenix rises to become a new version of itself, with fiery, flowing plumage like a wave of turbulent flames – the Phoenix represents transformation and new life. One of the most powerful, magical creatures, they turn every challenge into dust. With their everlasting life and cleverness, the Phoenix overcomes obstacles by soaring to new heights and making their mark by spreading their flames. Like the Phoenix, Fleming College students ignite their inner strength with perseverance and determination, to transform into the best version of themselves. They are always striving to rise higher to new levels of success with the potential that lies within their unwavering skills as a team to grow that inner flame and achieve victory. The plumage of the Phoenix is ablaze with an intense cascade of flames that burns strong and proud in front of the Fleming crest. The new Fleming varsity brand is a cohesive complement to the current Fleming brand, creating a united one brand, one community, one Fleming.

# WELCOME TO FLEMING!

We offer the best of both worlds. Our campuses are located in smaller, diverse urban centres that have the benefits of city life with nature right next door.

The region, home to more than 350 lakes and hundreds of kilometres of trails, is a travel destination renowned for its beauty. Whether you are looking at programs at our Peterborough, Lindsay or Haliburton campuses, you will find welcoming and inclusive communities with plenty of opportunities to make the most of your time at college.

**Sutherland Campus**

Located on 200 acres in the City of Peterborough, Sutherland Campus is the largest campus with about 6,000 full-time students and 70 full-time programs.

**Frost Campus**

Set on 150 acres bordering the Scugog River in Lindsay, Frost Campus is home to our School of Environmental and Natural Resource Sciences. The campus hosts about 1,600 full-time students.

**Haliburton Campus**

Nestled in the beautiful Haliburton Highlands, with its community of resident artists, Haliburton Campus offers full- and part-time programs within the Haliburton School of Art + Design.

We acknowledge that the land that Fleming College is on, is the traditional territory of the Michi Saagig Anishnaabe, people of the North shore of Lake Ontario and its tributaries. Fleming College Campus locations are covered by eighteen treaties and agreements that the Michi Saagig Anishnaabe participated in from 1781 to 1923.

Fleming College has settled on this land and recognizes that the region is now home to many Indigenous people from across Turtle Island and the importance of respecting the voices and history of Indigenous communities. We are grateful to work on this land and will continue to build authentic and reciprocal relationships.

# HOW TO APPLY

## 1 EXPLORE YOUR OPTIONS

If you've made the decision to attend post-secondary, get started by researching your options:

- Visit our website
- Take a tour of our exceptional learning spaces
- Attend one of our Open House events
- Book a one-on-one session with one of our recruitment officers

[flemingcollege.ca/apply-yourself-here](https://flemingcollege.ca/apply-yourself-here)

## 2 READY TO APPLY?

Visit [ontariocolleges.ca](https://ontariocolleges.ca) to submit your online application.

## 3 NEXT...

Once you've applied, we'll send you an acknowledgement email.

Nov. 1 is the earliest date you can receive an offer of admission for programs that begin in the upcoming academic year. Offers of admission to highly competitive programs will be sent to successful applicants after Nov. 1 on a rolling basis, based on GPA.

Confirm your offer of admission at [ontariocolleges.ca](https://ontariocolleges.ca) by May 1 to secure a seat in the program of your choice.

## 4 YOU'RE ALMOST THERE!

Once you've confirmed your offer of admission, you can log into our student portal **myCampus** for important information and notifications. Be sure to pay your tuition deposit and fees by the specified deadlines. We will send an email to your Fleming address, and to any other email address you have provided, to let you know your Fee Notification is available for you to review.

If required, provide proof of successful completion of admission requirements for your program to [ontariocolleges.ca](https://ontariocolleges.ca).

Your timetable will be available a few weeks before classes start. Check your myCampus Student Centre to view your schedule and prepare for your courses. And make sure you attend Orientation – it's a great way to meet new friends and get acquainted with life on campus.

For a step-by-step guide to the application process, visit: [flemingcollege.ca/navigator](https://flemingcollege.ca/navigator)

# MATURE STUDENTS

If you are 19 years or older by the beginning of classes, but have not yet completed your high school diploma, you will be considered a mature student. This designation allows applicants to be considered for admission based on the skills and experience they have acquired since leaving school. For more information: [flemingcollege.ca/how-to-apply/mature-students](https://flemingcollege.ca/how-to-apply/mature-students).

**Ontario Colleges can start sending offers of admission beginning Nov. 1.**

**Be sure to apply before Feb. 1 to receive equal consideration for admission to programs with various start dates during the upcoming academic year (generally, September, January and May). You can select up to three programs of your choice at Fleming.**

**Questions? Contact our Admissions Office:**  
[admissions@flemingcollege.ca](mailto:admissions@flemingcollege.ca)  
1-866-353-6464 ext. 1514

# FINANCIAL AID

Your post-secondary education is one of the most important financial decisions you will ever make – and we want to ensure you have the support to achieve your goals. Here are a few ways we can help fund your education:

- The Ontario Student Assistance Program (OSAP) provides eligible students with loans and grants for their education. Learn more at [ontario.ca/osap](https://ontario.ca/osap).
- An on-campus job is a great way to earn money and learn valuable work and life skills that will help build your résumé.

**\$2 million**

is available annually in student bursaries and scholarships.

# TUITION AND FEES

Tuition for post-secondary programs is set in accordance with the Ministry of Colleges and Universities fee guidelines. These fees can vary by program type. Please visit our website for complete details on tuition fees and any additional costs associated with individual programs.

Watch here how Financial Aid can help you. 

Questions? Contact us: [flemingcollege.ca/financial](https://flemingcollege.ca/financial) 

# RESIDENCE AND HOUSING

We offer on-campus, suite-style housing at Sutherland and Frost campuses. Spaces in residence are offered on a first come, first-served basis. Be sure to apply and confirm early to secure your spot.

For a tour of our suites or more information on our facilities, fees, and how to apply: [flemingcollege.ca/student-experience/residence](https://flemingcollege.ca/student-experience/residence).

Interested in living off-campus? Visit [flemingcollege.ca/och](https://flemingcollege.ca/och) for tips on renting as well as for rental, sublet and roommate listings.

Your housing choice is an important one. Our Housing Community Coordinator is available to assist you during your initial housing search and with any future concerns that may arise with your accommodations.

**1-866-353-6464 ext. 1125**  
[och@flemingcollege.ca](mailto:och@flemingcollege.ca)

# STUDENT EXPERIENCE

We are committed to providing you with the tools and support you need to achieve your goals at Fleming. We promote a welcoming and inclusive environment for all students and staff across our campus communities. You'll have many opportunities to get involved and have fun.

## Among our many services, we offer:

- Tutoring and academic skills
- Student health services
- Counselling and accessible education services
- Career services
- Personal wellness supports
- Diversity and inclusion student supports

We are here for you! If you are struggling academically or trying to balance a busy life/school schedule, our Student Success Coaches can help. They are ready to provide supports to ensure you succeed.

[flemingcollege.ca/student-experience](https://flemingcollege.ca/student-experience)

*Liz Stone, Vice President, Indigenous Knowledge, along with the Indigenous Student Services team, and student and staff volunteers construct a Learning Lodge at Haliburton Campus.*

## INDIGENOUS STUDENT SERVICES

Rooted in Indigenous perspectives, Fleming Indigenous Student Services nourishes students' spirits on their learning path by supporting connection to community, culture, and self-care. This 'Circle of Care' approach includes mental, spiritual, emotional and physical supports.

We provide orientation and mentoring through our Bishkaa program, cultural programming, and one-to-one student support. We have also created meaningful partnerships with Indigenous organizations and local service providers to foster student success and connect students to community.

**500+**

students identified as First Nation, Métis or Inuit at Fleming in the 2022-23 academic year.

[flemingcollege.ca/student-experience/indigenous-student-services](https://flemingcollege.ca/student-experience/indigenous-student-services)

## ATHLETICS

Get active! Our athletics and recreation programs include fun intramural activities as well as extramural leagues and competitive varsity sports.

Full-time students at Sutherland Campus have access to the Peterborough Sport and Wellness Centre, located on campus. It features a triple gym, aquatic centre, and weight/fitness training facilities. We also have four ball diamonds and two world-class artificial turf fields right on campus.

The Field House is a gymnasium that hosts intramural sports and fitness programs for students at Frost Campus. The Lindsay Recreation Complex is located adjacent to the campus and has a pool, two ice pads, fitness classes, weight training and cardio gym, and squash courts.

Our Haliburton Campus has numerous options for outdoor recreation with its network of on-campus trails and location on the shores of Head Lake. We offer a free bike and snowshoe sign-out program for students to stay active year round.

[flemingcollege.ca/student-experience/athletics-and-recreation](https://flemingcollege.ca/student-experience/athletics-and-recreation)

## GET INVOLVED

Through leadership activities, mentoring and tutoring programs, there are many opportunities for you to get involved and help other students.

We also offer a Co-curricular Record (CCR), which is a non-academic record of participation in on-campus and community events. Document your activity and supplement your portfolio/résumé.

## SUPPORT FOR YOU

Need to check in? We are here for you. Through the Personal Wellness Supports hub you will find resources, modules and apps to help your personal and mental wellness.

[flemingcollege.ca/personal-wellness-supports](https://flemingcollege.ca/personal-wellness-supports)

## AREAS OF STUDY

- Indigenous Perspectives Designation
- General Arts and Sciences
- Business and Information Technology
- Trades and Technology
- Health and Community Services
- Environmental and Natural Resource Sciences
- Haliburton School of Art + Design

FLEXIBLE LEARNING OPTIONS

DOUBLE THE POWER OF YOUR DIPLOMA X2

Many of our two-year diploma programs offer opportunities to obtain a second diploma within the same School with just one or two more semesters of study. Add another specialization to your skill set and increase your career prospects. [flemingcollege.ca/dual-diplomas](https://flemingcollege.ca/dual-diplomas)

COMMON FIRST SEMESTER

Core diploma programs in some of our Schools share a common first semester. Explore multi-disciplinary perspectives while acquiring foundational knowledge and skills. If you find that a different program is better suited to your goals and interests, you can transfer into your preferred program in semester 2. (Dependent on enrolment capacity and academic requirements.) [flemingcollege.ca/common-first-semester](https://flemingcollege.ca/common-first-semester)

WORKPLACE PATHWAYS

Are you a Workplace graduate? Our programs for Workplace grads prepare students to enter the workforce. Many of these programs also provide pathway opportunities at Fleming.

If you have an OSSD with the majority of credits at the Workplace (E) level, including English, you will be eligible for entry to these programs. View the full list here:

PATHWAYS

Most of our diploma programs have transfer agreements with both Canadian and international institutions that recognize our diplomas for credit toward degrees. The number of credits may vary depending on the agreement with the partner institution. For more information: [flemingcollege.ca/education-pathways](https://flemingcollege.ca/education-pathways).

600+ external pathways

50+ partner institutions

2+2 College Diploma + University Degree  
Spend two years at college and two years at university and get the best of both worlds.

35+ opportunities to complete a diploma and degree in just four years.

UNIVERSITY TO COLLEGE

Are you a university grad? You may be eligible for advanced standing in one of our diploma programs, or build on your degree with one of our post-graduate programs. Put theory into practice: gain specialized skills through real-world, applied learning opportunities. These programs are short in duration and targeted to the needs of employers.

20+ Ontario College Graduate Certificates

5 Advanced Standing Diploma programs for university graduates

PROGRAM CHARTS KEY

Admission Requirements

- OSSD** Ontario Secondary School Diploma
- OSSC** Ontario Secondary School Certificate (Grade 10)
- (C)** Secondary school course at college level. When **(C)** is the minimum course level for admission, **(U)** and **(U/C)** courses are also accepted.
- (E)** Secondary school course at workplace level. When Workplace **(E)** is the minimum course level for admission, **(C)** and **(U/C)** courses are also accepted.
- (U/C)** Secondary school course at college or university/college level.
- (U)** Secondary school course at university level.
- (M)** Secondary school course at university/college level.

Campus Locations/Training Facilities

- P** – Peterborough      **L** – Lindsay
- H** – Haliburton      **C** – Cobourg
- N** – Norwood (Eastern Ontario Training Academy)
- T** – Toronto, Royal Ontario Museum

Notes for all Programs

- Gr 12 (C) courses will be accepted where Gr 11 (C) course requirements are listed.
- Where (C) level courses are listed, (U) level courses will be accepted.
- Where Workplace level courses are listed, (C), (U) and (M) courses will be accepted.
- For programs requiring a majority of credits at the Workplace level, OLC40 will be counted as an acceptable English course.

\*In addition, some other courses are recommended. Although not required for admission, taking them will help you prepare for the program.

\*\*School of Environmental and Natural Resource Sciences only (page 30): Applicants entering directly from high school must apply to the four-semester Technician program. Applicants with previous post-secondary education should contact the Admissions department.

**CFS** – Common First Semester

 – Indigenous Perspectives Designation

Every attempt is made to ensure the accuracy of information in this Viewbook. Please check our website or contact us for the most up-to-date program information. Some program changes were not finalized at the time of printing. The College reserves the right to modify or cancel any course, program, fee, timetable, or campus location at any time.

## INDIGENOUS PERSPECTIVES DESIGNATION

Environmental Technician/Technology  
Forestry Technician – Adaptive Practices (Co-op)  
Resources Drilling Technician  
Sustainable Agriculture (Co-op)  
Urban Forestry Technician (Co-op)  
Waste Resource Management – Environmental

Unique in Ontario, the Indigenous Perspectives Designation (IPD) provides you with an in-depth knowledge of First Nation, Inuit, and Métis peoples, their cultures, histories, traditions, and contributions to our shared society. Programs that offer an IPD provide experiential learning and discipline-specific Indigenous curriculum in each semester.

### Connection to Community

An imperative piece of the Indigenous Perspectives Designation is community engagement, which has students attend and participate in appropriate Indigenous events and initiatives. This allows students to take part in activities that promote respectful relationships and professional partnerships and gives them additional opportunities for applied learning. Participation is acknowledged in each student's Co-Curricular Record (CCR), which documents non-academic learning experiences and can be used to enhance a student's portfolio or résumé.

**400+**  
students graduated with an  
Indigenous Perspectives  
Designation in 2022.

GENERAL ARTS AND SCIENCES

FIND  
A PATHWAY TO  
YOUR FUTURE

flemingcollege.ca/school/general-arts-and-sciences

General Arts and Sciences

PROGRAM	PROGRAM CODE	CAMPUS	PROGRAM LENGTH	MIN. ADMISSION REQUIREMENTS SUMMARY OSSD with majority of courses at College (C) or Open (O) unless otherwise stated	START DATE
Skills on Demand – Academic Upgrading		P/L/C/H			Continuous
ONTARIO COLLEGE CERTIFICATES					
General Arts and Science – Degree Transfer	GSU	P	2 semesters	OSSD including Gr 12 (C) English	Sep/Jan
Pre-Health Sciences Pathway to Advanced Diplomas and Degrees	PHS	P	2 semesters	OSSD including Gr 12 (C) English, Gr 11 (C) Math and two different Gr 11 (C) or 12 (C) Sciences subjects (i.e. Biology, Chemistry, Physics)*	Sep
Pre-Health Sciences Pathway to Certificates and Diplomas	GHS	P	2 semesters	OSSD including Gr 12 (C) English and one Gr 11 (C) Science	Sep/Jan

If you are interested in a health science program or a university degree, we can help you develop your skills, confidence, and a pathway to your dream program.

We have reserved seats for eligible graduates of the Pre-Health Sciences Pathway to Certificates and Diplomas in our competitive health sciences programs including Practical Nursing, Paramedic, and Pharmacy Technician.

**New! Eligible Degree Transfer graduates can now receive five credits toward a 15-credit Bachelor of Education Degree in Adult Education at Brock University.**

Qualified graduates of the Pre-Health Sciences Pathway to Advanced Diplomas and Degrees are eligible to receive transfer credit upon acceptance to certain university degree programs, including many Bachelor of Science programs at Trent University and the Bachelor of Health Sciences Degree program at Queen’s University. Qualified graduates can also apply to the Trent/Fleming Bachelor of Science in Nursing at Trent University.

Our unique Degree Transfer program allows you to earn a full year of transfer credits toward a Bachelor of Arts or Science degree at Trent University or a Bachelor of Arts degree at Carleton University. You may also be eligible for transfer credits at other institutions.

STUDENT SUCCESS

**Jacob Hadley**  
Graduate, General Arts and Science – University Transfer, Fleming College (2013)  
Graduate, Bachelor of Business Administration, Trent University (2017)  
Graduate, Peter A. Allard School of Law, University of British Columbia (2023)

“I find that the (Degree) Transfer program is Fleming’s best-kept secret. I recommend it for more than just the learning experience, but also for the community and the support you get. I would actually spend a lot of time outside of class meeting with the faculty and getting advice on how to better write my papers – they were willing to help.

My first-year class at Fleming, there were about 25 of us and we all knew each other’s first name and we would meet afterwards to work on assignments together. It was a really great experience. I still look back at my Fleming time as making some of my closest friendships.”

## HEALTH AND COMMUNITY SERVICES

# SERVE ON THE FRONT LINES OF SOCIETY

[flemingcollege.ca/school/health-and-community-services](https://flemingcollege.ca/school/health-and-community-services)

Students can practice surveillance and observation techniques in the multi-screen security hub.

## Graduate with knowledge and skills

In our school, learning through experience will be a substantial part of your education. Our learning labs and experiential spaces are set up, so that you may be practicing skills alongside students in complementary programs, working together just as you might in your career. All of our programs offer placements or work experiences you can add to your résumé when you graduate.

During the **Mass Casualty Incident** students in the Paramedic and Pre-Service Firefighter programs work together in a full day, live action simulation to prepare them for the pressures and multi-agency coordination of the real world.

## Simulation-based learning

Our high tech Simulation Centre creates immersive learning experiences. The technology and facilities in this centre include:

- Fully equipped, nursing, PSW and Respiratory Therapy labs.
- High fidelity mannequins that can be programmed to simulate a large number of conditions. Students can perform a variety of procedures, which will produce real time responses to interventions.
- A Home lab to practice skills in a home environment.
- A high tech SIM lab, where simulations can be projected onto 3 walls and the floor, and walls can turn into touch screens for videos.
- A security hub, suspect/asset interview rooms, jail cell and prop car.
- A fully equipped Paramedic lab with a prop ambulance as well as a fully functioning, drivable ambulance on campus.

Practical Nursing and Respiratory Therapy students practice skills side-by-side to prepare for real-world interprofessional collaboration.

Work-integrated learning in The Spa + Clinic at Fleming

Students in the Massage Therapy, the Esthetician – Spa Management and the Hairstyling programs learn side-by-side in Fleming’s onsite, modern beauty and wellness clinic.

The Massage Therapy Program at Sir Sandford Fleming College is accredited by the Canadian Massage Therapy Council for Accreditation (CMTCA) in recognition that the program meets the CMTCA’s standards of excellence.

The updated curriculum of our Esthetician – Spa Management program includes sales and marketing, entrepreneurship and planning courses. Students also learn about medical and oncology esthetics.

In the newly designed Academy Salon, students learn the latest hairstyling techniques, soft skills and entrepreneurial practices from a faculty of award-winning professionals.

Biotechnology – Advanced

Graduates of the Biotechnology - Advanced program benefit from an intentionally broad, cross-discipline curriculum that opens up a wide range of career opportunities, including in research, pharmaceuticals, hospitals, microbiology testing sites, and government agencies.

High Fidelity Mannequins

Prepare for an immersive learning experience. Our high fidelity mannequins can be programmed to simulate a large number of conditions. Students can perform a variety of procedures, which will produce real time responses to these interventions. The mannequins include both adult and infant patients as well as a mother and child full-birth simulator.

New curriculum for Police Foundations

Fleming’s revised program focuses on policing for today, building equity, diversity and resilience. It includes interdisciplinary training with Fleming’s Mental Health and Addictions program, de-escalation training and experiential learning through role playing to understand what it’s like to be in someone else’s shoes.

New Curriculum for Customs / Border Services Administration

Fleming’s Customs/Border Services Administration program has the most customs-specific curriculum offered in Canada and includes extensive hands-on training with real-life enforcement tools. Our graduates are in demand, and an expanded breadth in curriculum will prepare you for broad employment opportunities, both with the federal government and with private import/export companies, logistics and custom brokerages.

An exceptional training ground

Pre-Service Firefighter students train at the Eastern Ontario Emergency Training Academy in Norwood, Ontario. The well-equipped facility includes a three-storey burn tower, propane props, confined spaces, a search and rescue maze and a flashover unit. Our students also competed at a world class level in the FireFit Competitions.

STUDENT SUCCESS

Mik Farrell

Graduate, Education Support

“My time at Fleming has helped shape me into the kind of professional that I am today. The professors at Fleming care about their students as individuals, and they go above and beyond to support students who reach out and ask for help. By far, the best part of my program was my placement at a local elementary school, where I got to work with several students, all with different needs and wonderful personalities. I learned so much from being able to observe current Education Support Workers and apply my new skills on the spot.”

Dual Diploma Option

Start in either the Social Service Worker program or the Mental Health and Addictions Worker program and earn a dual diploma in just six consecutive semesters. You will complete a placement in each program and graduate with broader skills and greater career opportunities.

**SCHOOL OF ENVIRONMENTAL AND  
NATURAL RESOURCE SCIENCES**

# EXPERIENCE LEARNING IN THE OUTDOORS

[flemingcollege.ca/senrs](https://flemingcollege.ca/senrs)

## BE PART OF THE SOLUTION

**Our programs emphasize environmental sustainability. Improve the health of our planet while training for a career you love. We offer best-in-class outdoor learning environments right on campus and many of our programs offer paid co-ops, work placements, or applied projects – giving you real-world experiences within your program.**

**Our campus is a living lab that provides engaging and meaningful hands-on experiences. Learn on our state-of-the-art simulators or apply new skills in our fish hatchery, greenhouse/nursery, arboretum, or pollinator gardens. Discover natural habitats on our Scugog River shoreline and in our campus wetlands.**

**We host applied research hubs for water/wastewater technologies and aquaculture production.**

### **Becoming A ‘Bird Friendly’ Campus**

About one million birds die in North America each year due to window collisions, making it a leading cause of bird population decline. Composed of students, faculty and staff, the Fleming Bird Conservation Committee (FBCC) is working to mitigate this by transforming Frost Campus into Ontario’s first Bird Friendly college campus.

#### **This includes:**

Installing protection to reduce window collisions

- Protecting and enhancing the natural habitat around Frost Campus
- Engaging Conservation Biology students to conduct a research project to monitor the effectiveness of bird-deterrent decals, comparing treated and untreated windows
- Involving the wider community – the FBCC has hosted public awareness events with a focus on bird window collisions

STUDENT SUCCESS

Hunter Corbiere  
Graduate, Forestry Technician with an Indigenous Perspectives Designation

“The professors are passionate about what they are teaching, which makes learning exciting. I loved the fact that I was learning hands-on skills I will be using for the rest of my life, such as forest navigation. Where else and what other programs do you get to say you had your exam or test outside in the middle of the forest?

Becoming an Indigenous Liaison in the forest industry is very important to me. As Indigenous peoples, we were once the guardians of these forests and it’s important that we continue to do so and continue to teach. I have always had the interest and passion to teach others and, one day, I hope to teach those about Indigenous Values within forestry and other environmental aspects.”

HALIBURTON SCHOOL OF ART + DESIGN

# UNLEASH YOUR CREATIVE POTENTIAL

[hsad.ca](https://hsad.ca)

## LEADERS IN ART + DESIGN

Unleash your creative potential with our unique programs taught by industry professionals who've shaped Canadian art, craft, design, media, and heritage. Explore hands-on studio experiences at our Haliburton and Peterborough campuses, and build a strong portfolio for your next step, whether it's further education, a career, or your own creative venture. There's no other college that offers such a diverse range of creative opportunities!

### Diploma Programs

#### Visual and Creative Arts

Develop essential visual arts skills through the process of looking, thinking, making, and talking about art. Regardless of creative direction, this program will give you the breadth and depth of experience to pursue the visual arts with confidence.

Take it a step further by combining your Visual and Creative Arts Diploma with your choice of one studio certificate. Immerse yourself in over 500 hands-on hours within our fully equipped studios, expertly guided by experienced faculty and technicians, all designed to pave the way for your successful creative career. The possibilities are limitless!

### Certificate Programs

- Learn in state-of-the art studios with specialists
- Equivalent to two semesters of full-time study, 15-weeks, over 600 hours of hands-on studio time
- Begin in a certificate program and continue on to a diploma program, or start your diploma that culminates with a studio-based certificate

### Start Here

#### Continue your studies from coast to coast

We are the only college in Ontario that has articulation agreements with leading art and design programs offering Bachelor Degrees in Canada, including: OCAD University, NSCAD University, Alberta University of the Arts, and Emily Carr University of Art + Design.
