Tonal, neutral and peaceful, we are aiming for sanctuary living going into Spring and Summer. Solid oak furniture with beautiful dowel limbs and design details, choose one type of timber throughout to make your open plan space feel unified. Pair with accents of marble, linen, leather and wool for undertsated luxury.

We are constantly on the hunt for upcoming and innovative designers, creators and manufacturers, to bring you all the international suppliers, and homegrown Australian brands that matter. Our aim is to support local designers, and introduce global trends, bringing you the best of the best all under one roof.

We are proud to call Middle of Nowhere one of favourite brands, the Melbourne based father-daughter duo are continually dropping original and forward thinking artworks and mirrors, that often lead the way for interior trends in Australia.

With us from the start, Armadillo & Co were one of the first brands we partnered with. Ever since their commitment to sustainability, ethical practices and high quality handmade products has only strengthened. Each year sees new ranges that are better than the last.

# OTTOMAN EMPIRE

An Ottoman can act as an alternative to a coffee table, an extra element to your lounge suite, additional seating when you need it the most or as a place to put your feet up. Arguably the most versatile furniture item you'll own our ottomans and benches are as equally at home at end of your bed, in your entrance way, dressing room, bathroom or dining room.
